Retraction: Periodic acid-Schiff and alcian blue immunohistochemistry to detect mucin in mucinous breast carcinoma

Primariadewi Rustamadji, Jason Wibowo, Belinda Murtani, Christy Magdalena

We, the authors, are regretfully retracting our article,¹ “Periodic acid-Schiff and alcian blue immunohistochemistry to detect mucin in mucinous breast carcinoma” which was previously published in the Medical Journal of Indonesia because of errors in the data input and some terms errors. Due to this error, the conclusions and interpretations are incorrect and may mislead the readers.
